**Total**  
**=2122**

**Note 1**

**Despite these site numberings, there are presently 22 fewer sites in the total number than indicated here, because of the delisting of one mistaken entry in Belize, relisting of several former Soviet sites by successor states to the USSR, incorporation of 3 in Mali into one new one (2/04), rationalization of 11 overlapped RS in UK (3/04), and so on.**
